The English Training was quickly adopted by hunters and became one of the most popular sporting dogs in England. The breed was also exported to other countries, including the United States, where it became a favorite among bird hunters.

Today, the English Training is still used as a hunting dog, but it is also a popular companion dog. The breed is known for its intelligence, trainability, and affectionate personality.

Breed

The English Training is a medium to large-sized dog, with males typically weighing between 65 and 80 pounds and females typically weighing between 55 and 70 pounds. The breed has a short, dense coat that comes in a variety of colors, including black, liver, and white.

The English Training is a well-proportioned dog with a strong, athletic build. The breed has a long, lean head with a broad muzzle and large, expressive eyes. The ears are long and pendulous, and the tail is typically carried low.

Appearance

The English Training is a striking dog with a distinctive appearance. The breed's short, dense coat is typically black, liver, or white, and often has a piebald pattern. The head is long and lean, with a broad muzzle and large, expressive eyes. The ears are long and pendulous, and the tail is typically carried low.

The English Training is a well-proportioned dog with a strong, athletic build. The breed's legs are long and muscular, and the feet are large and webbed. The tail is typically docked to a length of about 6 inches.

Unique Health Problems

The English Training is a generally healthy breed, but there are a few health problems that are more common in this breed than in others. These include:

* **Hip dysplasia:** This is a condition in which the hip joint does not develop properly. It can cause pain, lameness, and arthritis. * **Elbow dysplasia:** This is a condition in which the elbow joint does not develop properly. It can cause pain, lameness, and arthritis. * **Eye problems:** English Trainings are prone to a variety of eye problems, including cataracts, glaucoma, and progressive retinal atrophy. * **Skin problems:** English Trainings are also prone to a variety of skin problems, including allergies, dermatitis, and hot spots.

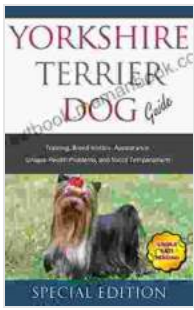

Social Temperament

The English Training is a friendly and affectionate dog that makes a great companion. The breed is known for its intelligence, trainability, and loyalty. English Trainings are also very social dogs and enjoy spending time with their family and friends.

The English Training is a good choice for families with children. The breed is gentle and patient with children, and is always eager to please. English Trainings are also very protective of their family and will bark at strangers or other animals that they perceive as a threat.

The English Training is a versatile sporting dog with a long and distinguished history. The breed is known for its intelligence, trainability, and affectionate personality. English Trainings are also very social dogs and make great companions for families with children.

If you are looking for a loyal and loving dog that will be a great addition to your family, the English Training is a breed that you should consider.
